AEG

Red Cross Line Laser

CLR215-B

- Projects a bright single vertical line, single horizontal line and a cross line for up to 15M
- IP 54 rated with robust rubber overmold protects the housing
- ON/OFF Switch with pendulum lock for secure transportation
- Sturdy rotary magnetic wall mount included enabling use in metallic surfaces and can be fixed to any other surface through a hang hole
- Quick self-levelling, a continuous blinking line will indicate when the laser is out off level
- Perfect alignment, accurate to ±0.3 mm/m
- ¼″ thread for tripod mounting

Accuracy	±0.3mm/m
Battery supplied	2 x AA
Battery type	Alkaline
Charger supplied	No charger supplied
Colour of laser line	Red
EAN Code	4058546338985
IP protection class	54
Laser classification	Class 2, < 1 mW
Laser projection	Single vertical, single horizontal and cross line
Laser wavelength (nm)	635±5nm
Range (m)	15M
Self-levelling range (°)	3
Self-levelling time (s)	3 ~ 5
Storage temperature range (°C)	-20°C ~ +60°C
Supplied in	Gift box
