

### PRO 18v

- ✓ Powerful 280Nm of torque for high-torque driving
- ✓ Intuitive 6-mode selection panel for a wide range of torque options to cover many applications
- ✓ Speeds 1,2 & 3 behave like a standard impact driver increasing in speed and power
- ✓ Autostop Mode shuts the tool off after impact to prevent material and fastener damage
- ✓ Pulse mode starts with slow bursts of movement to help remove rusted or damaged screws
- ✓ Self tapping mode will slow the tool down once the screw has cut through top material to ensure a secure fixing
